If you need more information on motor vehicle safety, please contact us by e-mail at mvs-sa@tc.gc.ca or call toll free 1-800-333-0371 (Ottawa area 613-998-8616).

Note: Always follow the manufacturer's instructions.

Keep kids safe

CAR TIME STAGES

CHOOSE THE STAGE THAT IS RIGHT FOR YOUR CHILD

This chart shows the weight range of children recommended for all four Car Time Stages based on child seats and booster seats sold in stores today. All child seats are different. Read the label on the child seat carefully to be sure your child fits the weight and height range of the child restraint — BEFORE YOU BUY IT.

It is safest to keep your child in each stage for as long as possible.
