Taxation Information

Municipal Property Assessment Corporation (MPAC)

The Municipal Property Assessment Corporation (MPAC) is responsible for administering property assessment.

Property assessments are completed by MPAC on a four year cycle. The MPAC notice received in 2016 is the assessed value of your property as of January 1, 2016 and is used as the basis for calculating your property taxes for 2017-2020.

Assessment increases are phased in over four years and assessment decreases are effective immediately.

Information about your property can be obtained from the MPAC website www.mpac.ca. Questions about your assessment can be directed to MPAC at 1-866-296-MPAC (6722).

Overdue Accounts

Payments by any method must be received by the Town by the due date. Please note that on-line banking payments made after business hours will not be processed by the bank and reach our offices until the next day. Payments received by mail are based on the date received at Town Hall, not by the post mark date on the envelope.

A penalty of 1.25% per month will be applied to outstanding balances on the first day of each month.

Due Dates

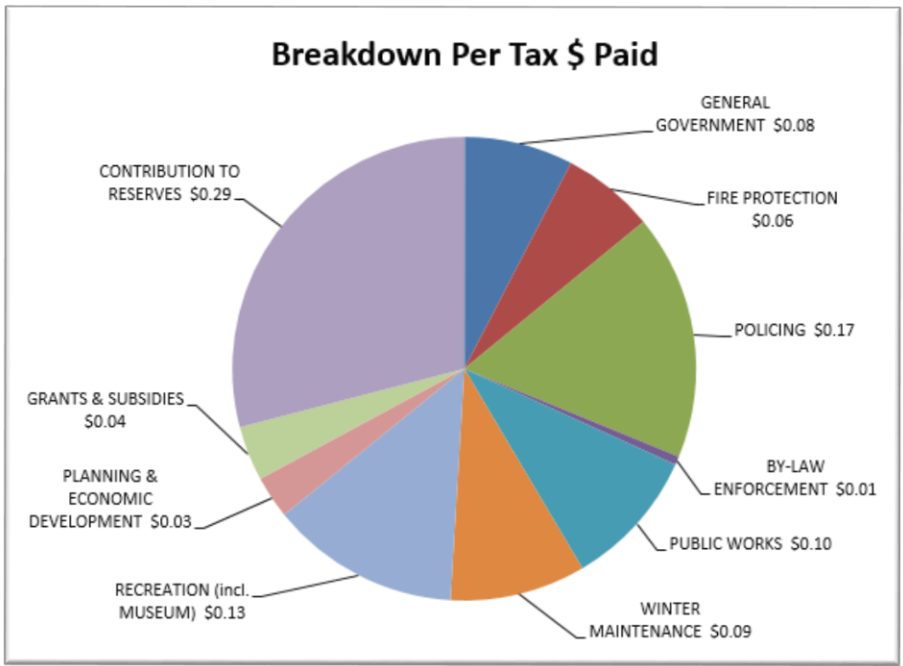

Interim tax bills were issued in February with instalments due February 28, 2018 and May 31, 2018. Final tax bills are issued in July with two instalments due August 31, 2018 and November 30, 2018.

Failure to receive a tax bill does not relieve the taxpayer from payment of taxes or penalties.

Tax Supported Expenditures

The 2018 Budget incorporates a modest 2.0% Municipal Tax Rate increase. In line with the Town's debt retirement strategy, 2018 marks the retirement of a 20 year loan and removal of the corresponding charge to taxpayers. As a result, when combined with the savings from the 2018 debt retirement, the 2018 Municipal Tax Rate increase will result in a net increase of \$2.19 per month or \$26.28 per year for the average residential home assessed at \$226,500.

- Grants and Subsidies includes grant funding provided to recipients including the Arnprior Public Library, Arnprior & McNab/Braeside Archives and Arnprior Airport

The above graph demonstrates the breakdown of tax-supported expenditures per tax dollar paid to the Town of Arnprior.

- 29 cents of every tax dollar is put towards reserves which are used for pay-as-you-go capital investments

SELF-SUSTAINING DEPARTMENTS

Self-sustaining departments such as Water and Wastewater Services, Waste Management, Protection, Inspection and Control and Cemeteries are excluded from the table above as they are not funded by tax dollars.
