      Resolution No. 296-18 (6:32 pm)
      Moved by Walter Stack
      Seconded by Dan Lynch
      That Council move into a Public Meeting as per Section 51 (20)(a) and (b) of the Planning Act, regarding an application for the approval of a plan of subdivision (Application 47-T-18004) and regarding the proposed plan of subdivision, for the lands described as Part of Lot 3, Concession B, 10 Galvin Street.

      Resolution CARRIED

Mayor Reid called the meeting to order at 6:32 p.m., welcomed those present and the Planner noted requirements for oral or written submissions to the Development and Property Department of the County of Renfrew, prior to approval of the plan of subdivision application (Application 47-T-18004) and the proposed plan of subdivision, for the purposes of the Local Planning Appeals Tribunal (LPAT), requirements. The Planner further advised that the Local Planning Appeal Tribunal (LPAT) may dismiss an appeal of the application, if the appellant has not provided an oral submission at this meeting or a written submission to the County of Renfrew before the plan receives approval.

Staff advised written comments were received prior to the meeting and have been provided to Council for consideration.

Robin Paquette, Town Planner, explained the application, noting it is the lands previously known as the Arnprior Fairgrounds, which is Part of Lot 3, Concession B, with the current civic address being 10 Galvin Street. The Planner further described the application noting the following attributes of the proposed plan of subdivision:

- The draft plan of subdivision proposes to create 151 housing units:
  - 28 townhouses;
  - 82 semi-detached dwellings;
  - 41 single detached dwellings;
  - an internal road system with two (2) accesses:
    - Galvin onto Daniel Street; and
    - Extension of Thomas Street.
- Two (2) pedestrian accesses:
  - To Nick Smith Centre; and
  - To parkland on Fairview Crescent
- Cash-in-lieu of Parkland
  - to add play structure to Fairview Park

The Planner also outlined a potential option to assist with traffic concerns, when entering Daniel Street from this proposed subdivision, being a staggered intersection at Edey and Galvin Streets:
Minutes of Regular Council Meeting

The floor was opened to the public for comments, with the following individuals providing comment:

- Elizabeth Nadon – 124 Daniel Street South – Unit 306
- Laurie-Ann Crawford – 8 Fairview Cres.
- Judy Pierce – 39 Michael Street
- Chantelle Wright – 225 Isabella Street
- Bill Serson – 150 Charles Street
- Mike Reid – Treasurer of the Amprior Curling Club
- Janice McCausland – 1 Allan Bond Court
- Helen Ross – 1 Robert Street
- Pam Lemay – 18 Fairview Cres.
- Molly Collins – 15 Allan Bond Court
- Jean McCarron – 94 Thomas Street South
- Nicole Washington – 96 Thomas Street South
- Terry Pulcine – 86 Thomas Street South
- Steve Brown – 76 Charles Street
- Peter How – 28 Allan Bond Court

The topics of discussion among citizens noted above, remained relatively consistent, with the following being a summary of the comments/concerns noted:

- Traffic Concerns, specifically:
  - Entering and exiting Daniel Street, noting a request for further traffic lights at Galvin as well as further down Daniel Street (James Street, Thomas Street or William Street)
  - The flow of additional vehicular traffic, from the proposed subdivision, creating potential increased volumes in other areas (Isabella, Thomas, Michael Streets, etc.) and safety concerns for pedestrians/children, as some streets do not have sidewalks.

- Parkland was mentioned, with the following comments:
  - A request for the subdivision to have its own parkland, not use Fairview Park only.
  - Others noted that Fairview Park and the Nick Smith Centre Playground are within close proximity and could be good options.
  - The request to look at other types of “play structures” or opportunities such as another basketball court, instead of a playground structure, to allow other options for youth not just small children.

- Capacity at Water and Sewage Plants
  - The concern for capacity at the Water and Sewer Plants was mentioned, with the Mayor noting there is definitely capacity, and the appropriate engineering studies and analysis will be completed prior to beginning construction.

- Construction Logistics
  - Concerns with construction vehicles going through the already developed areas, as well as creating safety concerns for pedestrians and children in these areas.
Minutes of Regular Council Meeting

- The Mayor noted that staff can look at having one entrance be used for construction, if possible to help mitigate these concerns.
  - Emergency Services
    - It was asked if emergency services will be consulted, and the response was in the affirmative.

Mayor David Reid thanked all of the residents present for their comments, noting that Council will take this feedback into consideration.

Public meeting was declared closed at 7:29 pm.

   a) Delegations
      i) Proposed Residential Development McNab/Braeside – Tom Orr Developments
         Representatives of Tom Orr Developments provided a verbal presentation regarding the proposed redevelopment of a brownfields property in McNab/Braeside on the old Gillies Mill property, noting the following:
         - The project is in its very early stages and currently has both environmental and zoning issues that are being investigated at this point in time.
           - The Ministry of Environment has a stipulation of a minimum 500 m setback for building, from the Arnprior Landfill Site. Tom Orr Developments is working with the Ministry, to try to make the project feasible financially, now knowing these requirements.
         - The current plan is to use and develop the parkland already available at the McNab/Braeside Boat Launch.
         - This delegation is being presented to request Town of Arnprior assistance with the Ministry of Environment requirements, as well as to address any other concerns Council/Staff may have with this development moving forward.

The CAO noted, that the Town does not have jurisdiction as an approval agency and cannot impose conditions on this property, the Town of Arnprior is only a neighbouring property owner, due to the location of our landfill relative to the proposed subdivision. The Ministry of Environment and the County of Renfrew will establish any specific requirements.
Minutes of Regular Council Meeting

Mayor David Reid thanked Tom Orr Developments for bringing this information to Council, noting the decisions required at this time are not the Town of Arnprior's to make.

13. Reeve’s Report From County Council
Reeve Walter Stack provided information from the following Renfrew County meetings, which he provided to the Deputy Clerk for public review/ information:
   • County Council – August 27, 2018
     o The County of Renfrew has hired a new CAO, Paul Moreau
     o The current County of Renfrew Emergency Services Budget has an estimated over-expenditure of $800,000, which is mainly a result of the County of Renfrew Ambulances going outside of the County to the City of Ottawa and elsewhere. This information has been sent to the province, in hopes of assistance being provided. County Council has also instructed that the County of Renfrew will no longer be supporting the City of Ottawa with Paramedical Emergency Services, as we cannot maintain the costs associated with this service. Further logistics are being worked out with both the province and the City of Ottawa at this time.
