

## **Update May 3rd:** **Flooding Notice**

At this time, areas along Riverview Drive, Lena Street and McLean Ave are experiencing flooding. Riverview Drive from Lena Street to Leo Lavoie Road is closed due to flooding and McLean Ave is closed at the corner of McNab Street. **Unless you are assisting with flood mitigation efforts, please avoid the area.**

Sandbags have been placed a McLean Ave Ball Diamond # 1 across from the entrance to the Macnamara Nature Trail should residents need them for flooding mitigation. Thanks to the extraordinary efforts by volunteers over the past few days we now have a sufficient supply of filled sandbags on hand for residents.

For information on flood levels, sandbagging station and how to properly sandbag please visit [www.arnprior.ca/notices](http://www.arnprior.ca/notices).
