**Release Date: October 2, 2019**  
**Downtown Sidewalk Repairs**

**Arnprior, ON.** Please be advised that the Town's contractor Thomas Cavanagh Construction Ltd. and their subcontractors will be repairing sidewalk deficiencies in the downtown core along portions of John St N, Elgin St W, Madawaska St, and McGonigal St W beginning the week of October 7<sup>th</sup>, 2019. These repairs are expected to take place until the beginning of November.

As part of this work, the Town's contractor will be required to implement traffic control measures as well as construction site pedestrian control measures to ensure the provision of a safe and accessible path of travel through and/or around the localized construction areas. All businesses remain open during these repairs however, during various stages of construction direct access to a limited number of private entrances, laneways, and on-street parking stalls may be restricted for short durations. Every effort will be made to minimize these inconveniences and to provide affected residents with sufficient advance notice when such disruptions are unavoidable.

We appreciate your patience and understanding while these works are completed. Should you have any questions or concerns regarding these activities, please contact the Town's Operations Department at 613-623-4231.
