COVID-19 Notice

With students going back to school and flu season upon us it is important for everyone to continue to be vigilant with our efforts to mitigate the spread of COVID-19 in our community. We have noted the gathering of local high school students specifically during lunch hour at local businesses in our downtown. Please continue to practice social distancing (2m separation between you and your friends) and wearing a mask at all times including lunch breaks whether you are on school property or within the community.

The ability to go to school, visit local businesses, and attend recreational activities are privileges that we have been able to enjoy again because of all of our efforts to protect ourselves and our community over the past six months.

Cases are on the rise across Ontario and even with Renfrew County we have seen cases rise from 31 to 40 cases in the last week alone. The ability for businesses, schools and activities to remain open relies on all of us doing our part to protect ourselves and our community and keep COVID-19 cases low in Arnprior and Renfrew County.
